Gain Recognition

AWARDS AND RECOGNITION PROGRAMS
that honor outstanding accomplishments of women in the engineering profession

SWE also recognizes those who have contributed significantly to the advancement of women in engineering and technology professions. Learn more at awards.swe.org.

Give Back

OUTREACH PROGRAMS
that encourage girls to become engineers

SWE offers a number of K-12 outreach programs and resources to help inspire the next generation of women in engineering and technology.

Stay Informed

AWARD-WINNING
SWE Magazine

Keep up on issues of interest to women engineers with SWE Magazine, provided in both print and digital formats. Read online-only content in the digital version.

All-Together Blog

Check out your daily news source for SWE, engineering, technology, and other STEM related topics. Visit alltogether.swe.org.

Participate in

SWE’S AFFINITY GROUP PROGRAM

Connect with like-minded individuals to share knowledge, concerns and experiences for mutual support. Current groups include African-American, Latina, LGBT & Allies (Lesbian, Gay, Bisexual, Transgender), Internationals, Native American and Canadian Members. We have other potential groups just waiting for the right leader.

Support Our Voice

ADVOCATING FOR

The Society undertakes extensive advocacy efforts on behalf of women in engineering and technology, STEM issues, Title IX and other relevant concerns. For instance, SWE leaders consistently meet with members of the U.S. Congress to advocate for our public policy priorities.
