

Awards & Competition - Main Page

Awards and Competition

As pioneers, innovators, leaders and mentors, our accomplishments are diverse, and our dreams have no limits. We are proud of our members's many achievements and celebrate them through the SWE Awards Program.

Each year, SWE acknowledges those who have made great strides in technology and life, those who are just beginning to lead, and those whose work has directly impacted our mission. In the process, we bring awareness to the many contributions of women engineers, and the individuals and companies who champion diversity.

For detailed award descriptions and information on the nomination process, please visit the specific awards sections listed:

- Individual Awards and Recognitions Program
- Region/Section
- External Awards

For Past Recipients of Awards, [click here](#).

Award Sponsorships

SWE welcomes new sponsors to support our awards program. If you are interested in sponsoring an award, please contact funddevelopment@swe.org

Recent Awards

Meet the newest SWE award winners and share their inspiring contributions to engineering and technology.

2009 Awards
Recipients

Achievement Award
Aslaug Haraldsdottir, Ph.D.

SWE Upward Mobility Award
Joanne M. Maguire

Resnick Challenger Award

Margot L. Wasz, Ph.D.

Rodney D. Chipp Memorial Award
