SWE Scholarships

Scholarship information for the 2010-2011 school year will be available starting in December for undergraduate/graduate students, and February for incoming freshman.

Questions regarding scholarships can be sent to scholarshipapplication@swe.org

About SWE Scholarships

The SWE Scholarship Program provides financial assistance to women admitted to accredited baccalaureate or graduate programs, in preparation for careers in engineering, engineering technology and computer science. In fiscal year 2009, SWE disbursed more than 170 new and renewed scholarships valued at \$470,000.

Grants are announced in the summer (sophomore, junior, senior and graduate students) and late summer/early fall (freshmen and reentry students) for use during the following academic year. Grant payments are made in the fall for corporate-sponsored scholarships and in both the fall and spring for endowed scholarships, upon proof of registration.

SWE Scholarships are only open to women pursuing baccalaureate or graduate degrees in engineering or computer science, as well as engineering and computer science students or having graduated from ABET-accredited engineering programs. This list of SWE-approved colleges and universities is the same list as the ABET-accredited engineering programs.

Did you know?

- Annually, SWE awards individual scholarships to freshmen through graduate students
- Scholarships and fellowships range from \$1,000 to \$10,000 each
- In 2008, SWE national scholarship distributions were over \$400,000
- Many professional SWE sections offer additional scholarships
